MEMORANDUM FOR: DCI Approved For Release 2007/06/05 : CIA-RDP84B000

Dewey told me that you asked to have this paper to raise the various issues with Carlucci.

Dewey explains that he has run into DoD resistance only on item A--extending the three Navy trainers.

Dewey commented that it would be useful if Weinberger could reiterate his support for Item C--the radars.

Carlucci will have corresponding talking points.
